longlist 2023 edwards book award rodel institute from nineteenth century abolitionism to black lives matter today progressive social movements have been at the forefront of social change yet it is seldom recognized that such movements have not only engaged in political action but also posed crucial philosophical questions about the meaning of justice and about how the demands of justice can be met michele moody adams argues that anyone who is concerned with the theory or the practice of justice or both must ask what can be learned from social movements drawing on a range of compelling examples she explores what they have shown about the nature of justice as well as what it takes to create space for justice in the world moody adams considers progressive social movements as wellsprings of moral inquiry and as agents of social change drawing out key philosophical and practical principles social justice demands humane regard for others combining compassionate concern and robust respect successful movements have drawn on the transformative power of imagination strengthening the motivation to pursue justice and to create the political institutions and social policies that can sustain it by inspiring political hope making space for justice contends that the insights arising from social movements are critical to bridging the gap between discerning theory and effective practice and should be transformative for political thought

as well as for political activism

how not to detest politics earlier the better should your young mind understand and plan a career in politics are honesty and politics mutually exclusive if the young generation asks impossible questions will society change welcome to the world of politika with the pollmighty voter and the votepecker politician dare the turbulent seas of politics by singing together the verses of introspection the seven hundred verses in the book authored by umamahesh shista do not provide sugar coating but understanding of life s bitter pills politics being just one of them

this book challenges the assumption that self interest is the basis of our actions it does so through examining two platonic characters thrasymachus in plato s republic and callicles in plato s gorgias both of whom attack justice and champion thoroughgoing selfishness the author argues that by following the subtleties of plato s presentation we see that both characters unwittingly display a kind of devotion to their selfish principles and more broadly a combination of contempt for justice and unselfconscious attachment to it they thereby offer surprising support for the proposition that human beings are not simply self interested moreover the author argues that the attachment to justice that thrasymachus and callicles display is in many respects akin to the attachment to justice that most people feel the book also presents a distinctive approach to reading platonic dialogues taking questionable arguments offered by socrates not as indicating his or plato s views nor as tricks by which socrates refutes his interlocutors but as revealing beliefs held by those interlocutors finally the author considers tough guys portrayed by dostoevsky gide and shakespeare and finds that these portrayals suggest similar conclusions regarding self interest and attachment to justice

the technology meets testimony network funded by the dfg merges history education computer science and media studies running from june 2020 to august 2024 this international collaboration spans germany the usa and the uk the project aims to preserve and present holocaust survivor testimonies through interactive digital 3d formats central to the project are testimonies from survivors like pinchas gutter whose testimony was captured with 32 cameras and processed with advanced speech recognition these testimonies allow meaningful engagement with the past the book is divided into four chapters media technology and testimony educational use in schools and universities museum and archival applications and survivors perspectives these sections examine the design implementation and impact of 3d testimonies evaluate their effectiveness in classrooms discuss the role of moderators and technological setups in archives and feature reflections on the creation process and significance of preserving survivors stories through technology this interdisciplinary approach addresses critical questions about preserving and presenting holocaust testimonies best practices for creating engaging digital experiences and how different audiences learn from these resources technology meets testimony bridges the gap between survivors and future generations setting a precedent for using technology to preserve historical narratives

imagine the god of the universe whispering in your ear what shall we create out of your life that will serve my purpose the path of authenticity is not a solo endeavor but a calling to a partnership with god that requires utter honesty trust commitment and wisdom god guides your path with a two fold promise you know i love you

as you are but together we can make of your life what i created you to be following the petitions of our lord s prayer dr richard parrott examines a family of authentic partners the family of abraham and sarah their son isaac grandson jacob and great grandson joseph this fresh telling of the story reveals practical answers to the question how can my partnership with god be genuine mature and significant the reluctant journey is an honest and practical guide for relating to god as authentic christians we can live true in christ and our love for him each day choosing his best for us so that together we advance his kingdom on earth as it is in heaven features include truths from the lord s prayer stories of the founders of our faith thought provoking questions for spiritual conversation or reflection
